# Fundamental Principles

- Humanity**
- Impartiality**
  - It makes **no discrimination as to nationality, race, religious beliefs, class or political opinions**. It endeavours **to relieve the suffering of individuals**, being guided solely by their **needs**, and to give **priority to the most urgent cases** of distress.
- Neutrality**
  - In order to enjoy the confidence of all, the Movement **may not take sides in hostilities or engage** at any time in controversies of a political, racial, religious or ideological nature.
- Independence**
  - The Movement is independent. The National Societies, **while auxiliaries** in the humanitarian services of their governments and subject to the laws of their respective countries, **must always maintain their autonomy** so that they may be able at all times **to act in accordance with the principles of the Movement**.
